

TAPPING INTO YOUR SOUL

September 29 to October 4, 2024
Kona, Hawaii

*Connecting to the "I AM" and
Nature's Healing Power*

Many of us are ready to remember that there is so much more beyond this

Earthly realm that we came to experience and play in. More and more divine, cosmic light pours onto this planet, inviting us to dive deeper within ourselves...invoking that curious, child-like spirit that we had as young children. Are you ready to dive deeper into the higher frequencies of KNOWING that comes from within?

Our knowing and our power is within ourselves and our five senses tend to keep us focused on what is outside of ourselves. Mother Nature brings us back home with her sounds, love, and extensive light that is constantly radiating love, joy, harmony, and balance. It is through these five senses of seeing, hearing, tasting, touching, and smelling that you will go beyond these electric impulses and connect to your deep knowing within that has always been there.

The elemental world of water, Earth, air, and fire are assisting in the shifting of our dense, physical bodies as we release what no longer serves us. The water element symbolizes renewal; the Earth element balances our yin/yang; the air element moves us to jump upward and fly; and the fire element symbolizes transformation on all levels. All barriers are removed and rebirth is at hand.

This is an exceptional time to come to Hawaii and unplug from the outer world, allowing yourself to relax and rejuvenate while being with the cetaceans and the sacred land as they have many messages for humanity while filling our hearts with joy. All of Nature is rejoicing as more and more of humanity is remembering our deeper connection to Mother Nature. This land is full of ancient energies that will awaken a deeper level of your knowing as you connect to the divinity of Mother Nature. Mother Nature is a portal

which brings you back into yourself as you allow yourself to open and be guided. Humanity is remembering our connection to the whole.

On this experiential retreat, we will spend time on the water with the dolphins and whales as well as spending time on our 7 acres of sacred land, TeHana Ohana, with the ancestors, elementals, trees, gardens, bees, turkeys, chickens, birds, cats, ducks, dogs, flowers, nature spirits, fairies, devas, Galactics, and more. This land is full of abundance and is the land “where people think different.”

TeHana Ohana is a multi-dimensional gathering place, as land and farm, as well as a School of Consciousness where you are gently met at whatever level of truth you currently hold. On some level, your soul is gently nudging you to come here, expand your level of consciousness, and meet like-minded people who are remembering as well. We all come into this Earthly realm with some level of amnesia or we would not be here...the amnesia state is being deleted.

Wash away the worries, stress, and fears that have never served you except to keep you disconnected from your true self. Listen with the inner ears of your soul to truth, knowing, and what your next steps are on this Earthly plane. Your divine essence is reminding you that you are much more than this body that you are currently wearing.

Mother Ocean, with her deep wisdom, holds us so gently as we float and swim in the warm, beautiful waters of Hawaii which is inhabited with many species of whales and dolphins. The whales and dolphins have been balancing and harmonizing our oceans and reminding us who we are as well as the many other species in the ocean like the manta rays and turtles.

We are all being called “Home” and all of Mother Nature is assisting us in our remembering. It is within the stillness where we find the truth of who we are. Being here on our land and in the beautiful, warm waters of Hawaii will assist you in the enormous leaps of your consciousness and remembering the truth of who you are.

Remembering how to connect and hear Mother Nature in her many forms will be discussed and experienced in this retreat. Connecting with a tree, manta ray, duck, elemental, fairy, whale, dog, bee, or even the lava rocks will remind us how everything is conscious and listening. Everything is aware and once we remember how to tune into their

frequency, a whole new world opens for us. All of Mother Nature desires contact with us humans and

asks us to take our place as co-creators of this reality system. We will be transformed by the love and joy of the land and sea beings, while merging with their essence.

Hawaii's pilot whales are here year round and have a long history of helping guide boats to shore when needed. Our pseudo-orcas are whales who have out of this world sounds that are reminiscent of canaries on land, taking you to higher dimensions. The majestic manta rays have the sweetest, loving energies and also have the abilities to view our full energy system, knowing exactly where we are at all times. Many sea turtles are here as well, reminding us to flow with the energy.

We will be going out with a fantastic crew on a boat who assist us in the water. There are many pods of dolphins in our warm waters year round as well as pilot whales and many other types of cetaceans. A night dive with the majestic manta rays will connect us with the gentleness of these powerful beings. We will swim with the cetaceans during the days on the boat and then, in the afternoons, we will come together with teachings, discussions, sharings, and meditations that will deepen our connections to the ocean, cetaceans, land, birds, plants, and animals, as well as, our awareness and consciousness.

TeHana means "To Shine" in Maori and Ohana means "Family" and/or "To Gather" in Hawaiian. TeHana Ohana is from the land to the oceans to the stars. She offers over 150 producing avocado trees and other trees including: coffee, cacao, banana, papaya, guava, cherries, mango, sapote, lychee,

dragon fruit, orange, lemon, Kona lime, poha berry, black berries, tree tomatoes, fig and more. Our gardens include: ube (purple sweet potato), cassava, lima beans, taro, yacon, asparagus, pineapples and more. We are working with the latest copper technology to enhance growth and feed our land with free energy.

When we are at TeHana Ohana, we will be connecting with the land and all the inhabitants, allowing her to shift our frequencies as we choose. This is a special multi-dimensional place on sacred land where the people think different. Being here at TeHana Ohana will be an incredible experience on those days as these higher energies "rewire" us into our new ways of seeing the world.

The energies of the trees and their expansive auras are so healing and transformative. They invite us to lean against them and hug them as they clear our old energies and bring in our deeper wisdom. Our

bees on the land are multi-dimensional, working harmony and balance on many levels, taking us higher and higher.

It is our pleasure to announce that world-renowned medium, psychic, and animal communicator, **Robyn Wolf**, who has been teaching mediumship and communication for over 20 years, will be here co-leading the retreat with us as well. Robyn will be an incredible addition for the week-long retreat, offering readings for the participants and fun exercises to connect which will empower you to have a deeper trust of your inner knowing.

This divinely-inspired, experiential retreat allows us to experience heart-centered communication, access the expanded awareness of group consciousness, and practice personal mastery skills to live in a multiverse reality of unlimited potential. **Some of the activities you will experience:** swim in the ocean/be with our ocean friends, enjoy food from our farm, cacao ceremony, artistic opportunities, psychic readings, farm tour, meditations, sharings, discussions, and teachings on many topics including: connecting and listening to Mother Nature and within; working with the 4 elements of water, Earth, air, and fire; our mind-created Earth reality; regenerative farming practices, communicating with trees, plants, bees, fairies, divas, rocks, crystals, elves, gnomes, menehune, animals, owls, hawks, birds, chicken, turkeys, dogs, cats, our ancestors, Angelics, Galactics, extra-terrestrials, and many more.

Is your soul calling you to join us?

HOSTS AND GUIDES:

Your hosts and guides for the retreat will be **Hydee Tehana** and **Lisa Denning** with special guest for the week, **Robyn Wolf**, who is a world-renowned medium, psychic, and animal communicator.

Hydee Tehana, M.S. is your retreat host and guide for your journey. She is an author, visionary, teacher, speaker, producer, and guide. Hydee has a deep love of all of Mother Nature which has always been part of her life. Life opened up for her more deeply over 20 years ago when life stopped making sense and began questioning all she was ever taught. Hydee began to be shown her past lives, lives in other realms, and how this Earth reality works. She met the wild Spinner dolphins in 2013 which changed her life. Hydee has always loved to swim in the ocean and to be with all the oceanic beings, as well as be on the land, in the mountains, and forests. She has a background as a firefighter/paramedic for over 20 years in California which allowed her to help people at their toughest times, as well as being a marriage and family therapist. Spirit guided her to retire from the fire department to a new spiritual path of writing, teaching, co-leading retreats, and speaking. She has been co-leading retreats and an ocean guide for the last 8 years. Hydee has deeply explored many topics including the cetaceans, nature of reality, sacred geometry, multidimensionality, power of our mind, light, time travel, our multidimensional heart, sound, language of energy, Mother Nature, living water, space travel, and more. Lisa has always been an ocean being and this is where she feels most alive and connected to the truth of who she is. She grew up in New Orleans and moved to the Big Island of Hawaii in 1999 because her soul was calling her to the ocean to be with the dolphins and to heal. On her first swim in the Hawaii waters, Lisa was surrounded by a pod of wild dolphins and welcomed into their pod. For the last 24 years, she continues swimming with them, diving deeper into parts of herself. Lisa has traveled around the world to meet many species of dolphins and whales while capturing these magical moments on film and with photographs. She has co-led retreats and been an ocean guide in many locations with dolphins and whales around the world, including the Bahamas, Tahiti, and Dominican Republic. Lisa is also the co-founder of Light ON Foundation in Kona, which provides healing opportunities for survivors of trauma. She is passionate about introducing others to our ocean family. The dolphins and whales are choosing to make contact with humans more and more. We have so much to learn from these magnificent beings. "I love my work. As a psychic & evidential medium, I am able to help people every single day. To me, there is nothing better than connecting you with your loved ones in the spirit world, or sharing guidance for assistance when you have specific questions about your life path."

"It is an honor to be able to connect you to the higher side of life. Life is continuous. Those on the other side are just waiting for me to paint them back to life. My spirit in my body connects with a spirit that no longer has a physical body. I ask those in the spirit world to communicate evidential facts that will validate the continuity of life. My intention is to work with those in the spirit world, asking for as much validation as possible, so that it will leave no doubt in your mind that your loved one, or loved ones, have communicated with you in the spirit world. Much love and blessings."
